

INFORMATION NEEDED FOR VISIT OF CIRCUIT OVERSEER

Coordinator of the body of elders: Review *Shepherd*, chapter 15. Ensure that the secretary submits the *Recommendations for Appointment of Elders and Ministerial Servants* (S-62) form at least one month before the circuit overseer's visit if the body of elders is recommending brothers for appointment. No later than the Tuesday of his visit, ensure that this form and all the items listed below are given to the circuit overseer. Be sure that all of the questions on page 2 are answered.

- ☐ Names of brothers recommended for appointment or deletion. (The circuit overseer will obtain personal and spiritual information from each one's *Congregation's Publisher Record* [S-21], and any pertinent history should be shared with him on Tuesday by the coordinator of the body of elders or another selected elder [*sfg* chap. 5 pars. 4-6])
- ☐ List of suggested items to include on agenda for meeting with elders (*sfg* chap. 1 par. 5)
- ☐ List of those scheduled to receive a shepherding visit by the circuit overseer. (If an elder or a qualified ministerial servant is available, he may accompany the circuit overseer on these visits)
- ☐ Name and contact information for the circuit overseer's host, if he has requested accommodations for the week of the visit (*sfg* chap. 15 par. 3)
- ☐ Names of publishers who will host midday meals for the circuit overseer and his wife (*sfg* chap. 15 par. 4)

Obtain from the secretary:

- ☐ *Congregation's Publisher Records* (S-21)
- ☐ *Congregation Meeting Attendance Records* (S-88)
- ☐ The congregation accounts current file and standing approvals file. The last two audit reports should be provided, regardless of the periods covered by the audits
- ☐ The Kingdom Hall Operating Committee accounts current file and standing approvals file. The last two audit reports should be provided, regardless of the periods covered by the audits. (The operating committee accounts records are needed only if the Kingdom Hall is used by two or more congregations and your congregation is the contact congregation)
- ☐ Contact information for all publishers (*sfg* chap. 11 par. 3 pt. 1)

Obtain from the service overseer:

- ☐ *Territory Assignment Records* (S-13)
- ☐ *Monthly Movement of Literature* (S-28) forms. (These are needed only if your congregation is a language-coordinating congregation. Congregations that submit monthly inventory reports on JW Hub should provide the circuit overseer with the report that is printed from JW Hub)
- ☐ A variety of territories that can be used during the week of the visit. (If a list of public witnessing locations, times, and approved participants is maintained, this should also be provided)
- ☐ List of those who are scheduled to work in the field ministry with the circuit overseer and his wife for the periods requested by the circuit overseer
